

1525CW NT FSK Facing Tape

Tri-directionally reinforced with a 2x3/sq in. (2.5x2.5 cm) fiberglass scrim, U.L. listed Foil/Scrim/Kraft lamination. Coated with a special cold weather acrylic adhesive system which combines very high stick at normal temperatures with superior low temperature performance. Recommended for use down to 10°F (-12°C) as well as normal and very high temperatures. Conforms well to both fibrous ductboard and blankets. The ultimate in cold weather tapes. Meets ASTM C1136.

Primary Use: Vapor seal on FSK faced fiberglass ductboard and blanket systems.
