Insulation Retro-Fit Quotation Request

Customer: _____

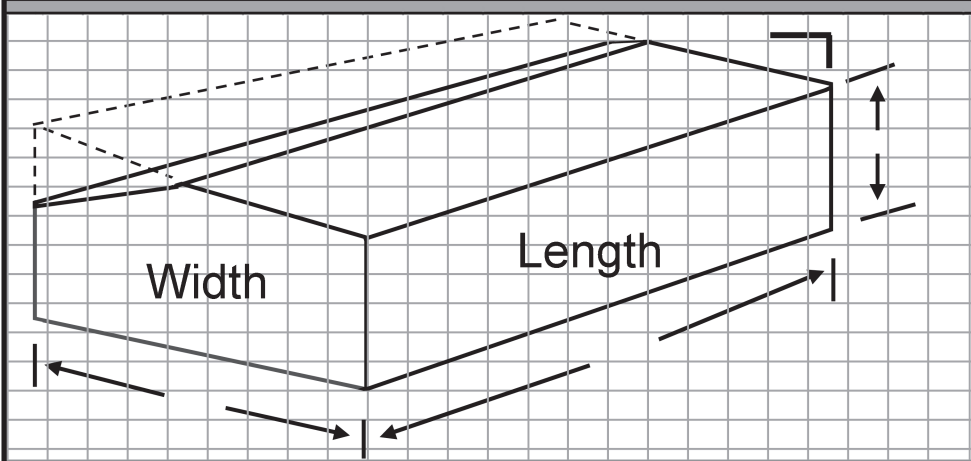

Address: _____

City/State/Zip: _____

Phone: _____

Fax / Email: _____

(City, State, & Zip are required for freight quoting purposes)

What type of construction is your building?

- Metal Building
- Pole Barn
- Tilt-Up Concrete Wall
- Masonry with wood truss

Are you interested in CMI installing the insulation, or would you like to do it yourself?

Is there any existing insulation?

Is the building empty or are there obstacles that will need to be worked around?

Please fill in the building dimensions above with approximate door placement and complete the table(s) shown below.

Building Dimensions													
Width: <small>(Gable End)</small>													
Length:													
Eave Height:			If Single Slope:		High:								
					Low:								
Roof Pitch:													
Single or Double Slope:													
Roof Peak at Center?													
Deductions: <small>(Overhead Doors)</small>													
Desired R-Value													
Roof						Walls							
Thickness	3"	3.5"	4"	6"	8"	9"	Thickness	3"	3.5"	4"	6"	8"	9"
R-Value	10	11	13	19	25	30	R-Value	10	11	13	19	25	30

Please list all dimensions of purlin or truss spaces for the roof area below or on a separate sheet. *(these measurements are critical for accurate pricing)*

Please list all dimensions of gurt or stud spaces for the wall areas below or on a separate sheet.

Pictures "speak a thousand words", so any pictures you can email or send us will really help us accurately price an insulation package specific to your building.
